~Luncheon Meeting~

Looking Through a “New Lens” to View the “New Normal”

It's clear that 2009 created many changes in the relocation industry. Companies view their talent management strategies with a new lens. What are the opportunities in the coming months for organizations touching relocation? These topics and more will be addressed in a “tell it like it is” assessment of where we've been, where we are, and where we are going. Our expert panel of top third-party executives led by Lisa Milovanovic of PepsiCo will share insights regarding their five-year view of the relocation industry, with a focus on the “new normal” and its impact on relocation.

A session not to be missed!

Lisa Milovanovic, Director Global Relocation, PepsiCo. Inc.

Tim Callahan, COO, Graebel Relocation Services Worldwide

Dennis O’Gara, President ALTAIR Global Relocation

*Susan Schneider, President, Plus Relocation Services, Inc.
Vice President ERC*

*Pam Dunleavy, Vice President of Business Development-USA
Crown Relocations*

PLEASE, NO SOLICITATION OF BUSINESS. THANK YOU!

There will be a corporate only round table immediately after the meeting to discuss changes in International Relocation Policies.
